

# TOP 10 SECRETS FOR PERFECT GRILLING

Join us for the last event of the 2008-2009 educational year as we welcome Karl Marsh, Executive Chef of Omaha Steaks. Karl will share his grilling secrets as we heat up our grills for the summer months ahead. His "Top 10 Secrets for Perfect Grilling" presentation will provide us with the skills we need for grilling the perfect steak, serving the perfect accompaniments, and ensuring your next BBQ is done just right!

After Karl's presentation, we will have the opportunity to cook our own steaks as Chef Karl coaches from the sidelines and offers his key pointers. Don't miss out on this first-hand learning experience as we celebrate the end of a wonderful 2008-2009 year.
